Ms. Vitas updated the board on general housing support efforts for member agency employees, including ongoing in-person presentations.

- 2. Unlocking Existing Housing
 - a. Master Leasing
 Ms. Vitas updated the board on the master leasing agreement
 between TTWHA and the Truckee Donner Public Utility District.
 Hospital and Airport representatives expressed interest in this model for their employees.
 - b. Long-term Rental Program
 Ms. Vitas provided updates on the agency's long-term rental program, including updated placement numbers.
- 3. Home Purchase Navigation
 - a. Landed Home Purchase Navigation Update Ms. Vitas updated the board on the Landed program, including the announcement that Landed's Down Payment Assistance offering is currently on hold due to volatility in the housing market.
 - c. Housing Market Update + Housing Purchase Navigation
 Ms. Vitas shared an update from Guild Mortgage on the TahoeTruckee housing market and informed the board of the partnership
 the agency has established with Guild, which resulted in a home
 purchase by a member agency employee within three weeks of
 launching the partnership.

4. BOARD WORKSHOP

Seana Doherty, Senior Manager with Agnew::Beck facilitated this workshop, focused on the agency's proposed strategic plan.

a. Welcome / Introductions

Ms. Doherty led an icebreaker exercise for attendees.

b. Strategic Framework Review

Ms. Doherty led the board through a review of the agency's work to date and the previous 6-month effort tied to the development of the strategic plan.

c. Creating our Future Roadmap

Ms. Doherty presented recommendations tied to five different areas of focus in the proposed strategic plan:

Financial Tools: Ms. Doherty presented two possible pathways tied to the financial structure of the agency -1) Remain the Course and 2) Create a 501c3 'arm' of the agency to pursue development and acquisition that serves the regions' middle income workforce. The board provided direction on the recommendation.

Development: Ms. Doherty presented three proposed sites that her team identified through a land mapping analysis of member agency-owned parcels. The board provided direction on the pursuit.

Acquisition: Ms. Doherty recommended the creation of policies and processes tied to the pursuit of housing acquisition. The board provided feedback on the recommendations.

Programs + Services: Ms. Doherty recommended that the board consider an expansion of the agency's services to serve a wider public, to which the board provided feedback.

State Advocacy: Ms. Doherty recommended the agency pursue advocacy efforts tied to middle income housing needs. The board provided feedback and requested that staff begin to participate in the regional advocacy efforts being led by other groups and asked that member agency-specific needs be identified for support and pursuit.

d. Close and Next StepsMs. Doherty alerted the board to the next steps in the strategic planning process.

5a. Presentation: TTWHA Strategic Plan Review

Meeting Date: November 16, 2022

Prepared By: Emily Vitas, Executive Director

Agenda Item: 5a. Presentation: Agnew::Beck: Strategic Plan Review

BOARD REQUEST:

Receive a presentation from Seana Doherty, Senior Manager with Agnew::Beck

BACKGROUND:

TTWHA board and staff met on October 21, 2022 to complete the second of two board workshops for the agency's strategic planning process. Led by Agnew::Beck, the workshop presented five proposed areas of focus for the agency, and requested board direction on each area.

In preparation of the TTWHA Strategic Plan document, Seana Doherty will present an update on the process and plan for board review and feedback.

Housing Our Workforce

Strategic Plan | 2023-2027

Draft as of 11.09.22

THAT ALL ALL ALL

Vision

We envision a thriving community and economy where all local employees have access to quality homes that they can afford.

Mission

Facilitating innovative workforce housing solutions.

Keys to Success for Strategic Plan Implementation

Focus on short and long-term solutions for workforce housing

Partnerships are critical

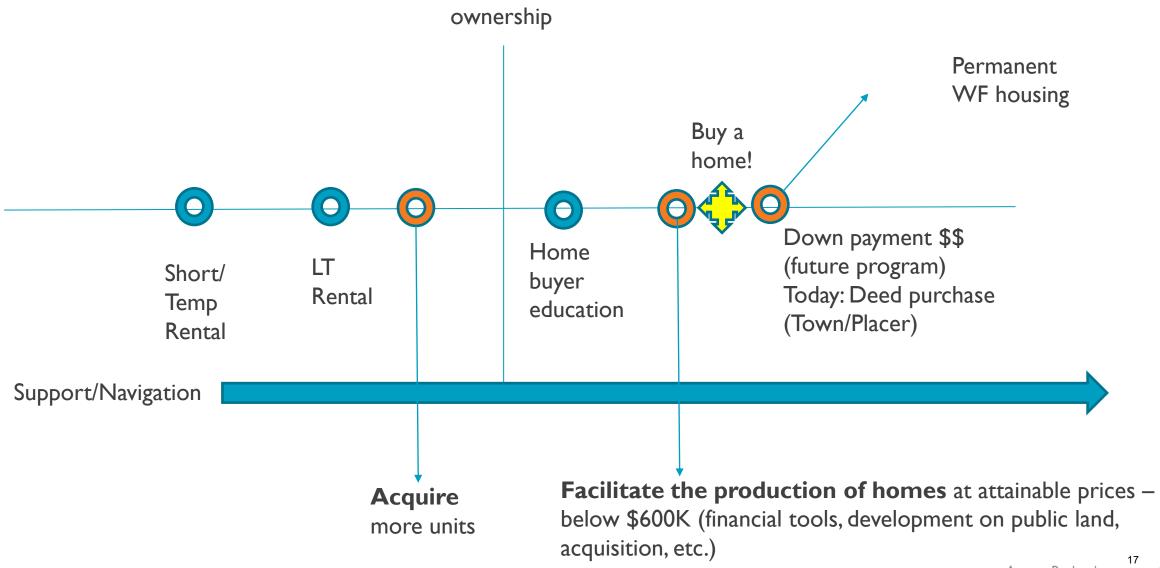

Implement strategies
that BOTH prioritize
employees of members
and serve qualified
local employees

Funding and creative financing tools are key to implementation

Be patient

Be strategic, creative and thorough

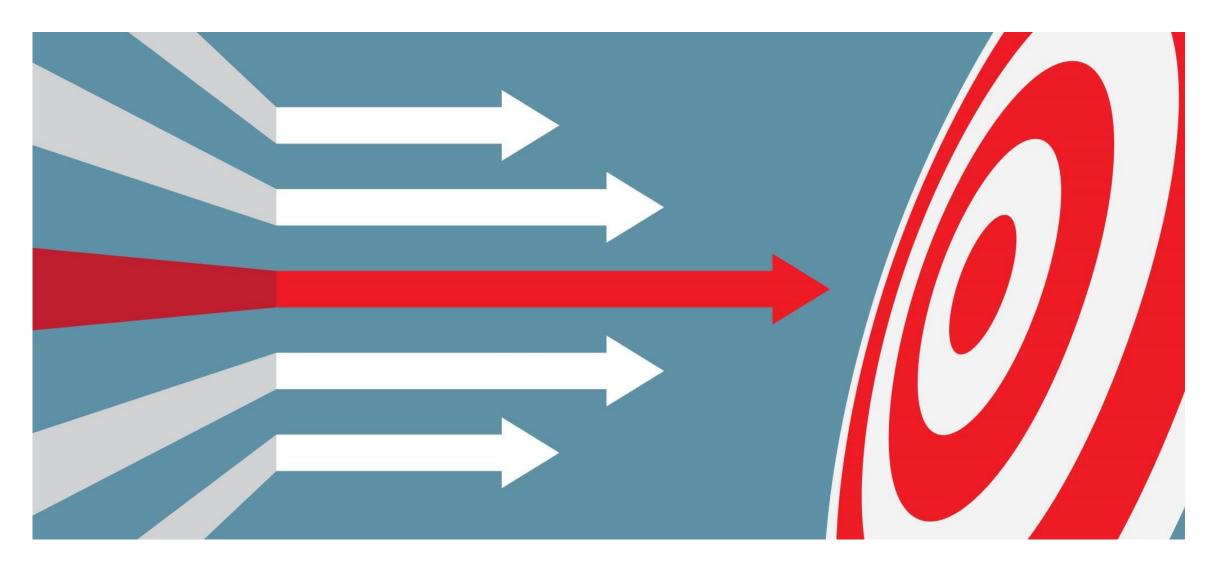

Goal: Address Short and Long-Term Housing Solutions

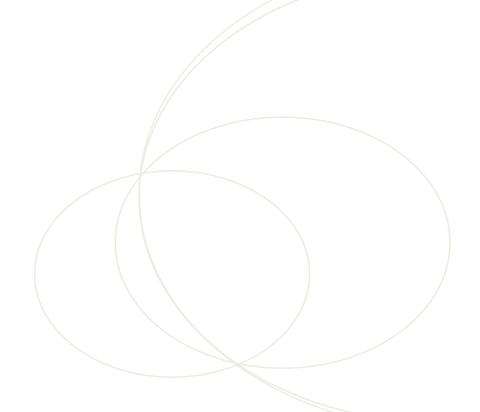

6 Strategic Plan Targets in 5 Years

Five-year Strategic Goals (5)

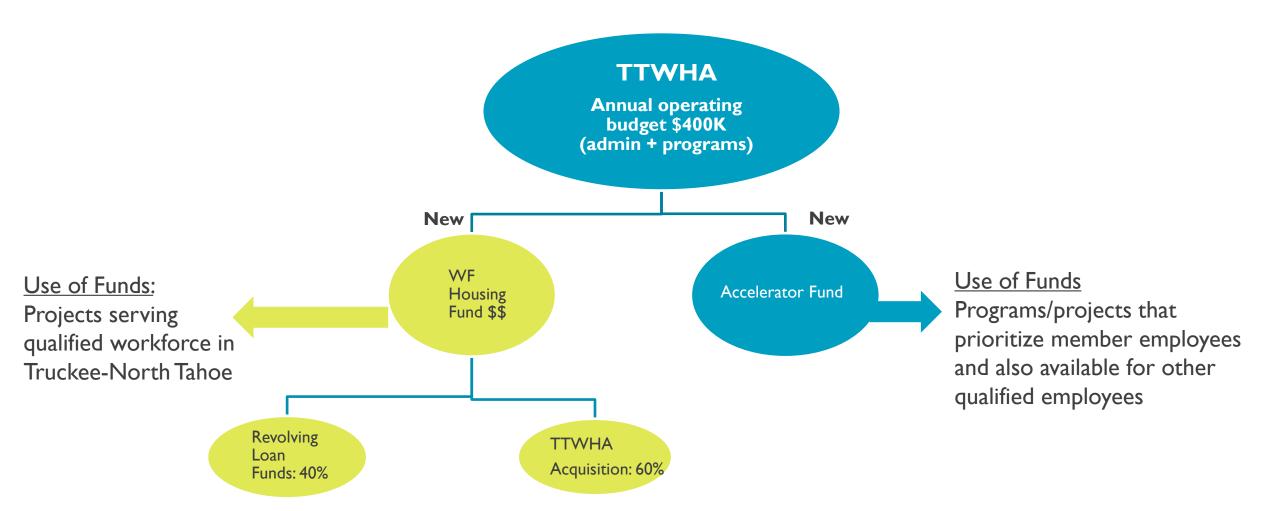

Goal I: Create Innovative Financial Tools to Support Workforce Housing Solutions

Rationale for expanding financing tools for workforce housing

- To meet housing needs of both member employees and qualified, regional employees, increased funding is needed to do the work.
- Funds, beyond annual member fees, are needed to grow the Agency to meet demands.
- Of the 17,000 estimated employees in the Truckee-North Tahoe region, TTWHA is serving an estimated 13%
- Public agencies are funded by the community and are working to expand services and the organizational structure to serve more of the community.
- Member agencies of TTWHA are willing to contribute/invest additional funds into housing but need different pathways within the organization to unlock dollars.
- Creating a nonprofit pathway, under TTWHA, will increase public and private funding available for workforce housing goals and objectives.

Model to Facilitate Creative Financing Tools for Workforce Housing

Goal I: Create Innovative Financial Tools to Support Workforce Housing Solutions

Objective: Raise and disburse \$10M to support workforce housing solutions (5-years)

Strategy 1: Establish a Workforce Housing Fund to unlock public and private dollars.(Q1-Q3 2023)

Tactic 1: Form a CA nonprofit under TTWHA

Tactic 2: Define nonprofit governance and board

Tactic 3: Develop Fund guidelines and other foundational documents

Tactic 4: Define capacity and staff needs to support new non-profit

Tactic 5: Develop annual work and fund development plan to raise public and private dollars

Strategy 2: Define Accelerator Fund goals and guidelines (Q 2-3)

Strategy 3: Submit requests for support to member agencies for either: 1) Workforce Housing Fund and/or 2) Accelerator Fund (Q1 + Q2 2023)

Strategy 4: Create a revolving loan program for qualified workforce housing projects (Q3)

Tactic I: Create a loan program including guidelines and products

Examples: 1) Pre-development loan: \$250K loans @3% for 5-years (5 loans in 5 years)

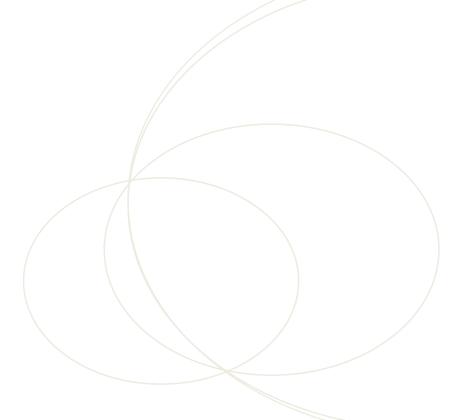

2) Acquisition/Development loan secured by asset; subordinated, \$500K @5% for 5-years (7 loans in 5 years)

Tactic 2: Contract with consultant to assist with development of program guidelines/loan documents

Tactic 3: Create application, marketing and management plan for loan program

Tactic 4: Launch Workforce Housing Loan Program by Q4 2023

Goal 2: Facilitate development of workforce housing on public agency-owned sites

Rationale for developing housing on public agency-owned sites

- Developing permanent workforce housing on public agency land preserves units for long-term employee needs.
- Building workforce housing is financially challenging; reducing costs by offering low-cost/free land leasing is a promising solution.
- Public agencies that offer up land for workforce housing needs have an opportunity to, I) create housing for their employees, 2) create housing for other employees, 3) increase the value of their land asset.

Goal 2: Facilitate development of workforce housing on public agency-owned sites

Objective: Create 70-units of new workforce housing by facilitating development on public-agency owned sites (Year 3)

Tactic: Hire a consultant to assist with pre-development + RFP process

Tactic: Identify top site for development (out of 4)

Tactic: Conduct due diligence to inform goals for the site

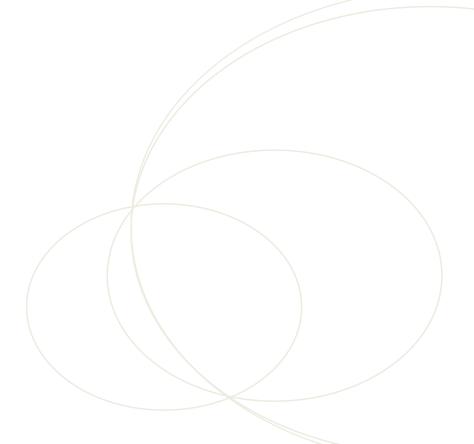

Tactic: Develop a Request for Proposal for development including possible menu of incentives

Tactic: Release RFP for development on top site, select developer

Tactic: Work with landowner, developer, others to create housing on the site

Tactic: Link project to Workforce Housing Fund Ioan program

Goal 3: Acquire existing properties for immediate and long-term workforce housing needs.

Rationale for acquisition of existing property for workforce housing

- Acquisition is a short-term strategy for securing workforce housing units.
- Acquisition builds a long-term inventory of permanent workforce housing.
- Property management of the acquired units will be critical to success.
- Clarifying the role of TTWHA and member agencies in acquisition deals will be critical to success.
- The assumption, for financial modeling, is that \$250K is the estimated cost to acquire one unit of rental housing. The estimated 5-year budget for acquisition is \$6M, resulting in 24 units.
- Funding for acquiring units is expected to come from both the WF Housing Fund and the TTWHA Accelerator Fund.

Goal 3:Acquire existing properties for immediate and longterm workforce housing needs.

Objective I: Acquire 30 units of existing housing stock for immediate and long-term workforce housing needs in 5-years

Tactic: Define TTWHA acquisition policy and deal making plan

Tactic: Define property management and leasing plan

Objective 2: Acquire one property in 2023 as a pilot program

Tactic: Define plan and identify funding + partners

Tactic: Work with real estate advisory group to define pilot

Agnew::Beck |

Rationale for Expanding Existing TTWHA Programs

- Of the 17,000 estimated employees in the Truckee-North Tahoe region, TTWHA is serving an estimated 13%.
- Regional employers, employees, others are asking TTWHA to serve more of the employee base.
- Public agencies are funded by the community and are working to expand services and the organizational structure to serve more of the community.
- By creating a tiered system, TTWHA employees can be prioritized and a greater number of qualified employees can be served.
- Serving the needs of employees beyond TTWHA benefits the mission of all member agencies.

Goal 4: Expand housing programs to serve 200 employees per year, I 000 in 5 years, including member employees and other qualified employees.

Objective: Provide housing services and programs for 200 workforce members per year

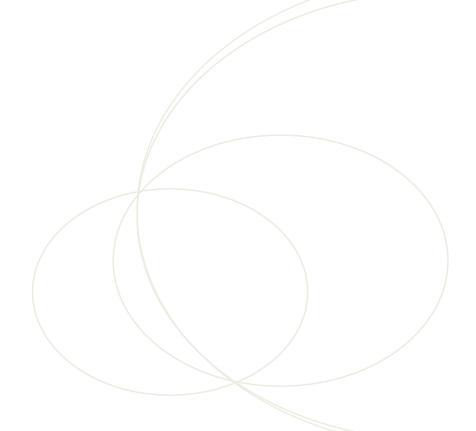

Tactic: Continue to provide TTWHA programs: master leasing, concierge services, down payment, education, etc.

Tactic: Conduct community input to define future workforce housing needs and services.

Tactic: Create a tiered system for services and programs to allow other qualified employees to participate.

Tactic: Explore a membership rate for new tier systems for employers benefiting from programs/services.

Goal 5: Influence state housing legislation through local coordination

Rationale for engaging in state legislation activities for workforce housing

- State and federal funding for affordable housing is limited to households in the 80% AMI and below bracket with minimal available funding above the low-income benchmark.
- Many employees in the Truckee-North Tahoe region do not qualify for low-income, state/federal funded housing.
- Significant housing needs exist at both the 80% and below levels as well as above the 80% AMI levels.
- State and federal funding is needed to create housing to serve "middle-income" households in order to close the gap of needs.
- TTWHA's model could have significant influence, along with regional partners, in legislation related to increasing funds available for projects serving middle-income households.

Goal 5: Proposed State Advocacy Work

Objective I: Work with local groups and member agency lobbyists from to understand opportunities and challenges around funding for "middle-income" housing.

Tactic: Define TTWHA state advocacy platform for middle-income housing in relationship to Mountain Housing Council

Objective 2: Partner with local groups to activate platform

Tactic: Leverage member lobbyists to move platform forward

Where we are in the Strategic Planning Process

Workshop Objectives

Board direction on five (5) key areas of the strategic plan

Next Steps:

- I) Development of a TTWHA 5-Year Strategic Plan
- 2) Board Review of Draft: Nov 2022
- 3) Final Approval of Plan: Dec 2022

Next 5-10 years

- -What have we learned?
- -How do we serve?
- -Who do we serve?
- -How best do we serve?
- -How can we serve?

Implementation + Growth (2020-2022)

Where are we today + where do we go tomorrow?

What we learned

What we do + How we do it

TTWHA exists to accelerate solutions for middle-income workforce housing needs in the Truckee-North Tahoe region

Fund

Create a fund to support development and acquisition of middle-income housing.

Support

Provide housing services and implement programs to support immediate needs of member employees.

Produce

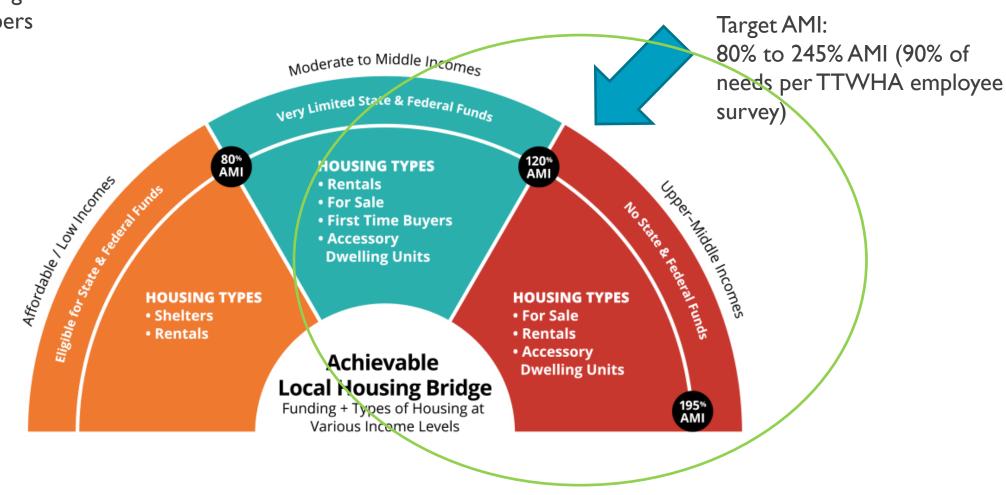

Facilitate: development on public agency land, acquire, partner to increase inventory of homes.

Operate

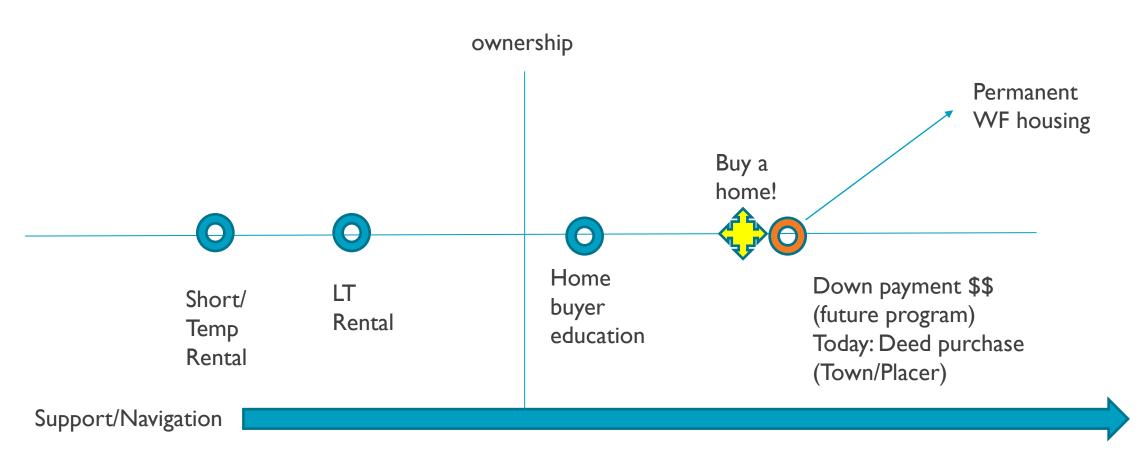

Strengthen and grow the agency to respond to increased housing needs and execution of the 10-year Plan.

Who We Serve

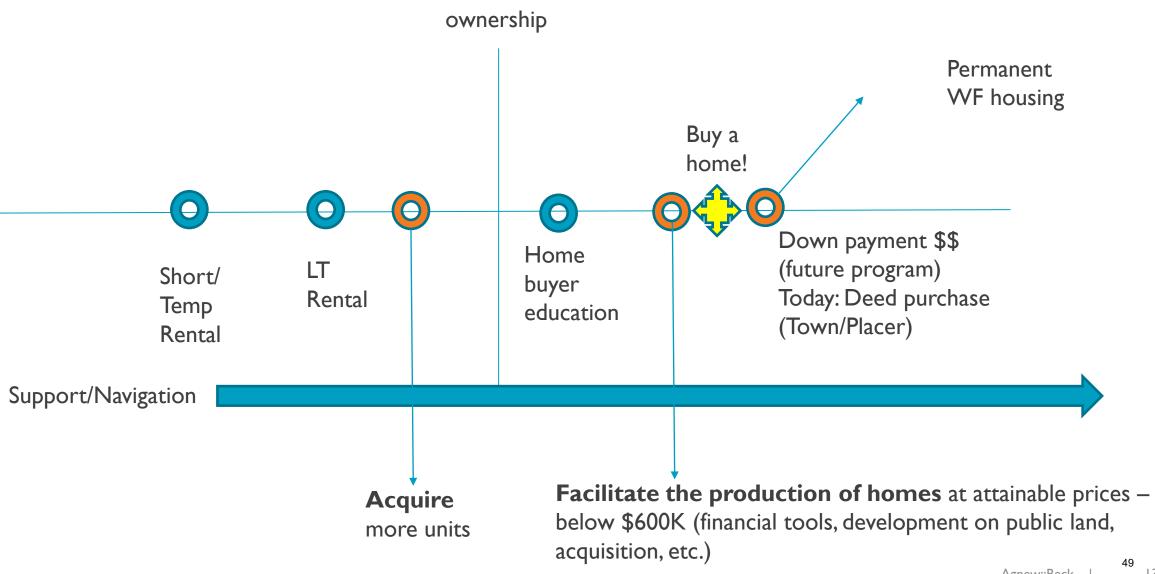

Note: Some funding from some members will be 80%-120% AMI

How we serve on the housing continuum

How we could do more on the housing continuum

What our employees said...

- 40% considering leaving employment in part due to housing
 - 59% of renters
- New from this years' survey
 - 16% lost housing during the pandemic
 - 38% experienced high levels of stress over the last 2 months due to their current housing situation
- Goal is to buy a home
 - Strongest interest in down payment assistance
- Many comments related to stress and housing insecurity

Housing + Other Experts We Talked to

- YOU all (your staff, your board/elected)
- Terner Center @ UC Berkeley
- Mountain View School District
- Legal—Best Best & Krieger
- Public finance professionals
- Business associations
- Developers: local, around the west, market rate, affordable
- Investors: workforce development projects
- Nonprofit developers
- Governance consultants
- Non-profit housing agencies
- Loan officers
- Realtors
- Local partners
- TTWHA members and staff
- Elected officials

What you (Member Agencies) said...

<u>Structure:</u> Non-profit arm that can serve member + other qualified WF could unlock significant public and private funding. Board should be TTWHA members AND others.

<u>Programs:</u> We need you to support <u>more</u> than your employees. We won't support if you serve only member employees.

Development: Building missing middle housing is challenging. Incentives (land, loans, etc.) helpful.

Funding:

Pre-development financing helpful during high-risk period of development.

Non-profit option appealing to private donors, on specific projects.

Down payment assistance needed to help people get in

Private donors want to see \$ go directly to units to keep prices down

Revolving loan fund for middle income projects doesn't exist here

Acquisition needs nimble funding to appeal to sellers

We can't convince our board to support anything beyond 120% AMI and that will be hard too

Strengths::What is Working & What Should We Build On?

Existing Programs & Services

- Responsive to individual member requests
- Workforce knows & contacts us
- Trust (internally, externally)
- Current budget structure supports programs
- Board structure, systems in place
- Employee base attractive to landlords, developers
- Increased employee morale around housing support / access

Funding

- Operating funds are in place
- Financials systems have been developed
- Membership fee structure supports operations + current programs

Development

- Members own land
- Members interested in seeing it developed for housing
- Land mapping & analysis in place
- Private development is eager for incentives & support but not deep subsidy

Acquisition

- Acquisition model in progress and has support
- Development of acquisition policy underway
- Strong realtor partner in place
- There are market opportunities to acquire

Challenges :: Where is there Opportunity to Adjust?

Existing Programs & Services

- Workforce knows and calls us but cannot access our units
- Workforce housing needs are way beyond member base
- Employee base too small and/or timing doesn't align; units stay empty
- Staff impacted b/c they can't be responsive
- Agency name; community thinks we serve the workforce when we currently do not

Funding

- No capital to accelerate development, acquisition, program expansion
- No criteria or structure for decision making
- Assumption is that we have a workforce housing fund, but we don't
- Investors (members or donors) who need to serve workforce beyond membership base can't place \$ beyond membership fee
- Not attractive to private donors. Can't unlock \$\$

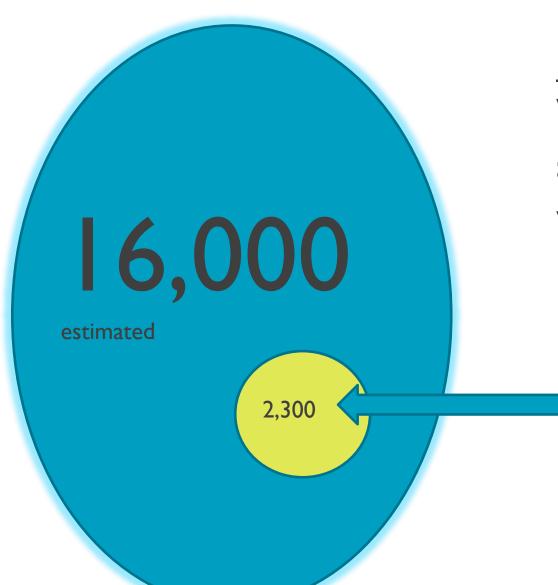

Development

- No funding to support new housing development to make the pie larger
- Displacement of existing tenants; issue with acquisition
- Public agency-owned land not easy or ready to go
- Market demand and need is strong

Acquisition

- Limited funding to support acquisition
- Current funding limited to member employees
- Displacement of existing tenants; need a policy
- Opportunity to leverage existing units

Land/Development on Member or Other Public Sites

Development on Public Land Process

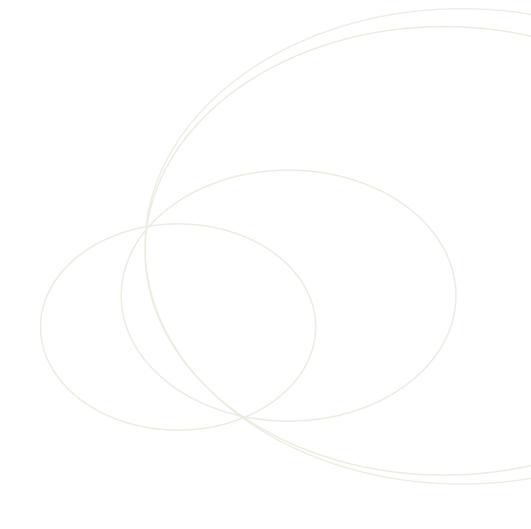

Cut Sheets for Top 3 Sites (Handout)

- Criteria: Member/Owner interest top plus land mapping
- Long-range strategy to create units (3-7 years)
- WF Funds could offer financial incentives
- Role of JPA: facilitate, financial tools during pre-dev, future down payment assistance for ownership units, Town/Placer deed purchase
- Board feedback request:
 - Do you want to move these three sites forward for further analysis?
 - Next step: member/owner review/approval to move forward to next phase

Acquisition

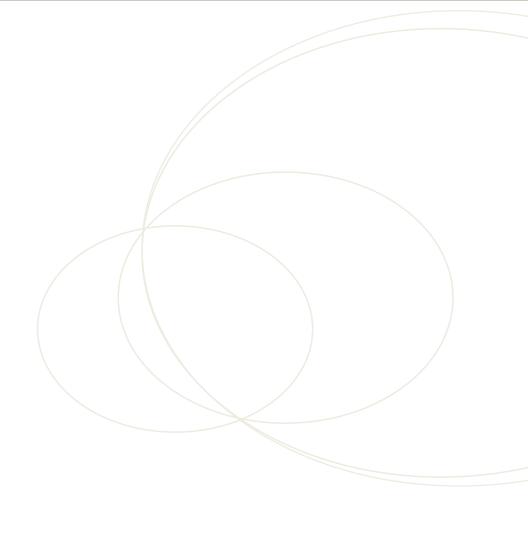

TTWHA Acquisition

- Short-term strategy (1-2 years)
- Mostly to purchase rental products but could be ownership as well
- Depends on funding (est. \$250k per rental unit)
- TTWHA role: facilitate deals, manage units, own units
 - Deals could include selling deed restrictions to Town/Placer
- Funding: WF Fund, potentially accelerator
- Goal: JPA owns units long-term
- Next step:
 - Staff to bring policy to board for review
 - Potential TD deal in early 2023

Program Updates

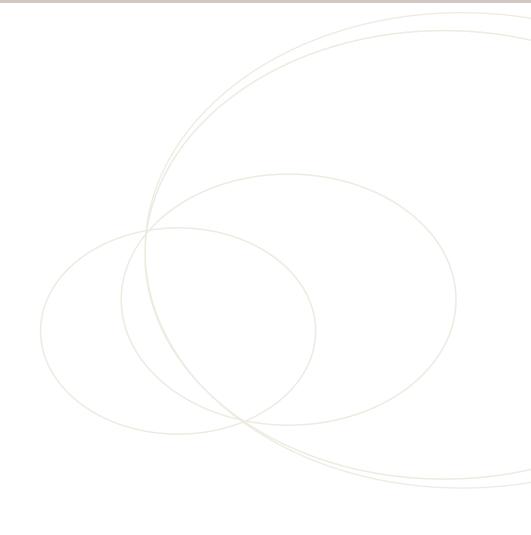

Proposed Program Updates

- Continue to improve programs and member services
- Explore options to expand to tiered member services for some programs (public agency priority then expansion to greater workforce)
- Staff proposal in early 2023

Board Direction: Yes/No: explore ways that current programs could expand to serve employees beyond members?

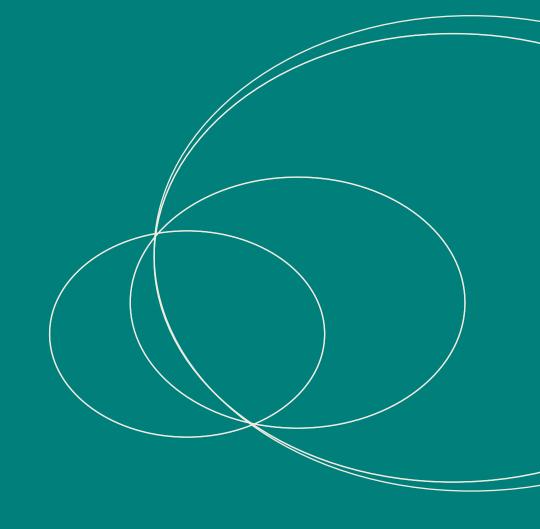

Proposed State Advocacy Work

- Define state advocacy platform:
 - State funds for households above 80%
- Partner with local advocates
- Leverage member lobbyist to move platform forward
- Board committee requested
- Staff proposal in early 2023

Putting it all together....

UPDATED Truckee Tahoe Workforce Housing Agency DRAFT Strategic Framework

Plan Objective: Facilitate (build, acquire, partner) to create workforce housing units in the region.

Create Financing Tools

Create finance tools to support development and acquisition of middle-income housing.

Support Member Employees

Provide housing services, education and implement programs to support immediate needs of member employees.

Create Short + Long- Term Housing Solutions

Facilitate: development on public agency land, acquire rental units, implement programs to increase inventory of WF homes.

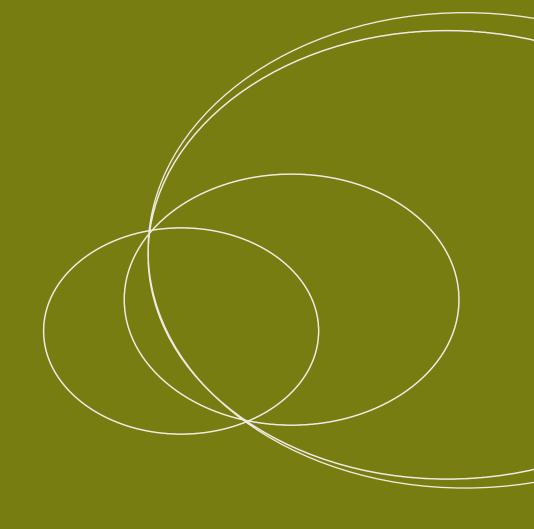

Operate + Advocate

Strengthen and grow the agency to respond to increased housing needs and execution of the 10-year Plan. Advocate for middle-income house at the State level.

Questions to consider about proposed TTWHA Strategic Framework

- I) What stands out? Concerns? Inspired?
- 2) How do you think your boards will receive this plan and a future request for support?
- 3) What do you need to take this to your board?
 - Timing
 - 2) Interest area

5b. Presentation: Proposed Implementation of Strategic Plan Goal 1: Financial Tools

Meeting Date: November 16, 2022

Prepared By: Emily Vitas, Executive Director

Agenda Item: 5b. Presentation: Proposed Implementation of Strategic Plan Goal 1, Financial Tools

BOARD REQUEST:

Receive a presentation from agency staff regarding the creation of a 501c3 organization as a strategy to increase housing development and acquisition for qualified workforce.

BACKGROUND:

TTWHA secured the services of Agnew::Beck in January, 2022 to develop a strategic plan for the agency. In October 2022 five areas of focus were presented to the board as part of the draft strategic plan. Area of Focus, or Goal, 1 is focused on the development of financial tools to unlock solutions to workforce housing development and acquisition.

The proposed financial tool recommended by Agnew::Beck is the creation of a 501c3 nonprofit organization to unlock additional public agency dollars, pursue private contributions, and increase the agency's ability to pursue short- and long-term housing solutions for the Truckee-Tahoe workforce.

Staff will present an update on this strategy, including tasks, timeline, and budget to form a 501c3 organization.

November 11, 2022

Dear Colleagues,

I am writing to express our support and excitement in the new direction that TTWHA is exploring as a long-term solution for the housing crisis. Your recent strategic planning focus has inspired new conversations and possibilities. As you consider the operations of a revolving loan fund, we at the Tahoe Truckee Community Foundation have unique subject matter expertise to share and are willing thought partners as you shape the opportunity.

Over the years, TTCF's mission has expanded from community impact grantmaking and scholarships to include the addition of lending and impact investing. Since 2017, driven by a strategic plan, we have educated ourselves, built policies, committees and leadership around our ability to leverage regenerative financial capital for community benefit. Our portfolio of impact investments, totals over \$5 million dollars to date and the majority of these projects have been focused on housing solutions. Each one of them has required complex funding partnerships with co-mingled public and private funding sources and long-term oversight.

We are delighted to see TTWHA step into this new direction. There is significant alignment with TTCF and a desire to explore how we can help inform your due diligence and operational structure. We are actively engaged in collective conversations across the MHC partnership and within TTCF's leadership about this direction.

Richard and Louise Wiesner

WFB: TTCF NFT

It has been a long six years since our first regional housing needs assessment that launched Mountain Housing Council, an unprecedented regional collaboration in 2017. Since then, each independent and collaborative effort among our partnership has added to the constellation of solutions we need for our community. Thank you for your vision, leadership and hope.

In service together,

Stacy Caldwell

WHAT DOES THIS MEAN FOR HUB CONCEPT?

- 1. If TTWHA's role expands, this will impact Housing Hub concept
- 2. Financial tools may be available for projects that serve entire workforce (not just member organizations)
- 3. Housing Hub could be developed to complement TTWHA's efforts
- 4. If TTWHA's role stays as is, Hub concept could evolve to include a broader scope

REVISED HOUSING HUB CONCEPT DETAILS

Housing Hub could provide the following services:

- 1. **Policy advocacy** Influence land use policy improvements to comply with State and unique to the region/basin.
- 2. **Program Advocacy** Support innovative solutions to housing issues (incentives, fee offsets, other.
- 3. **Project Advocacy** Support specific housing projects.
- 4. <u>Pre-Entitlement Services</u> Support developers working w/ agencies on opportunities, incentives, and community engagement. Knowledge base of costs, processes, people. Educating on sources of funds.
- 5. **External Program Management** I.e. Deed restriction

POTENTIAL NLTRA ROLE IN HOUSING

- 1. Funding support (TBID + TOT funds)
- 2. Incubate the Housing Hub
- a. Provide initial funding for staff + other initial operational needs
 - b. Provide office space and other administrative support for a temporary period of time
- 3. Leverage relationships with business, agency partners and other stakeholders to support housing + new Housing Hub organization
- 4. Partner w/ TTWHA and TTCF/MHC (others?) to ensure organizations are providing complementary services
- 5. Provide some oversight or board participation depending on organizational structure

DISCUSSION TOPICS

- 1. How will Housing Hub concept evolve if TTWHA's role remains as is?
- 2. Are there housing needs not covered by MHC, TTWHA and Housing Hub as presented?
- 3. How would a Housing Hub be funded over time?
- 4. How will MHC engage with TTWHA and Housing Hub?
- 5. How quickly can we act?

NEXT STEPS

- 1. MHC meeting on Friday, October 28th
- 2. TTWHA Board meeting in November to discuss strategic plan
- NLTRA has retained a consultant to assist.
 Consultant will engage with TTCF, MHC, NLTRA and TTWHA which will inform evolving concept

Unlocking Existing Housing

<u>Long-term Rental Program – our home listings page can be viewed here.</u>

We are seeing a shift in rental unit availability with the shift in the market. More homeowners are looking to rent their homes, though those who bought during the pandemic bought at a rate that requires a rent that is unaffordable to our local workforce. We are working within our program guidelines to list only those homes that meet our affordable listing requirements.

We are working on an expanded program that would make units available to a larger 'qualified' workforce, beyond member agency employees, if employees aren't available to rent the units. This tiered program could provide free tenant vetting and placement without the financial incentive for homeowners or could include partnerships with other public agencies to expand the pool of interested renters.

2022-23 Program Budget

Approved budget: \$33,000
Advertising expense: \$2,500
Homeowner incentives to date: \$13,321
Tenant background checks: \$152
Remaining budget: \$17,179

Home Purchase Navigation

In response to the employee survey, which showed an overwhelming desire to purchase homes, we are working on a new home purchase navigation offering, in partnership with Guild Mortgage and our real estate partners, that helps employees understand the components of the buying process. The page will also include regional down payment assistance program information and a way for employees to connect with TTWHA to start down their unique home purchase path. While we know that a number of our employees may never be able to buy, and that the current market is making home purchase less achievable, we believe offering the education and connection to a trusted lending advisor, will help employees to understand their opportunities and unique situations.

We are seeing success through our relationships with Landed and Guild Mortgage, with over 50 employees currently in the home purchase research process.

HOME PURCHASE NAVIGATION

Helping You Pursue Your Unique Home Purchase Needs

STEP 1: Do Your Homework

Understand Your Credit Score

Your credit score is a number that ranges from 300 to 850, and that number is used to indicate your creditworthiness. The higher your score, the more lenders will want to work with you and the better your mortgage rate.

Though higher credit scores are considered more favorable for lenders, it's still possible to get a mortgage with less-than-ideal credit. It all depends on the type of loan you're applying for. Conventional and government-backed loans have different credit score requirements.

Understand Associated Costs

You may have heard that you need to make a 20% down payment on a home, but that's really just the threshold many lenders use for requiring mortgage insurance on a conventional loan. What you need is at least 3% of the purchase price to make a down payment. In 2021, the typical down payment for first-time home buyers was 7%, according to the National Association of Realtors. The typical down payment was 17% for repeat buyers.

In addition to a down payment, you will have to pay closing costs which are usually 2-5% of the home's purchase price.

Understand the Lending Process

The idea of applying for a mortgage can be daunting. It's important to know that the loan process actually begins with a no-cost, no-obligation conversation with a mortgage advisor. The purpose is to connect, understand your individual needs and financial goals, and answer any questions you have about home financing. After speaking with your loan officer, you can make a determination if moving to the application and pre-approval phase is the right next step for you.

Hobarts Mill Development Opportunity

TTWHA has engaged with Nevada County, the United States Forest Service (USFS), the Mountain Housing Council, and regional developers to understand the development opportunity at the USFS Hobarts Mill site. We are meeting monthly with Nevada County and USFS to move this work forward.

USFS owns a large swath of land off HWY 89N, currently known as the Hobart Work Center. Through ongoing meetings with County and USFS staff, and conversations with a local homeowner who leads

modular development throughout the Country, we are working on understanding the site's capacity, the housing product and who it needs to serve, and the phased approach to potential development.

This opportunity would be through the land leasing model that TTWHA was pursuing on the 25-acre USFS parcel in Truckee by the District Station. It is currently understood that, if development were possible, Nevada County would hold the land lease with the USFS and TTWHA would act as a facilitator and partner in bringing the project to fruition.

6a. Strategic Plan Next Steps

Meeting Date: November 16, 2022

Prepared By: Emily Vitas, Executive Director Agenda Item: 6a. Discuss Strategic Plan Next Steps

BOARD REQUEST:

Discuss and provide feedback on the next steps and timeline for strategic plan implementation.

BACKGROUND:

In January 2022, TTWHA secured the services of Agnew::Beck to develop a strategic plan. Over the course of seven months, Agnew::Beck has worked with agency board, staff, and stakeholders to develop a proposed 5-year strategic plan.

TTWHA board and staff met on October 21, 2022 to complete the second of two board workshops for the agency's strategic planning process. Led by Agnew::Beck, the workshop presented five proposed areas of focus for the agency, and requested board direction on each area. On November 16, the TTWHA Board of Directors will receive presentations from Agnew::Beck and agency staff on the draft strategic plan and the financial tool component of the plan.

On December 21, agency staff will present the final strategic plan to the board for possible adoption. Board members will consider this adoption as the representative of their agency, knowing that once the plan is adopted there will be an opportunity to work with staff to present the direction to their own board of directors.
